- Engineering Mathematics (86%)

The Sixth Form College Farnborough

2015 - 2017

Farnborough, Hampshire.

A Levels

- Mathematics A
- Physics A
- Computer Science B

Work Experience

MortgageGym

2018

Camberley, Surrey.

Software Intern at MortgageGym, a startup price comparison website for mortgages, now majority owned by GoCompare, for 10 weeks over the summer break. I worked on a wide variety of features across the whole stack, working with the SQL database, Java and Angular 6. This job also gave me valuable experience working with DevOps technologies such as Git, Bitbucket and Jira, as well as key communication and teamwork skills.

Rushmoor Borough Council

2017

Farnborough, Hampshire.

Fixed term contract working for the IT department, digitising planning applications and inserting them into the GIS database.

Dimension Data

2016

Fleet, Hampshire.

Work Experience placement at Dimension Data, a networking and security company.

Skills & Abilities

Java, C#, C, C++, Python, JavaScript (React and Angular2+), SQL, Unix, GNU make, Unity3D.

Leadership Roles

College

- Subject Rep and Java Mentor in Computer Science.
- Form Rep for the student association.
